PROFILE

Motivated and aspiring front-end developer passionate about creating responsive and user-friendly web applications. Hands-on experience with ReactJS and TypeScript focused on writing clean, maintainable code and delivering exceptional user experiences. Thrives in collaborative environments, enjoys problem-solving, and is eager to learn and grow. Continuously improving communication and teamwork to contribute effectively to team success.

RELEVANT SKILLS

- Programming Languages:
 HTML, CSS, JavaScript,
 TypeScript
- Frameworks: ReactJS, NextJS, Angular (basic)
- Tools: Node.js (basic), NPM (basic), Webpack (basic), Git
- Testing & Debugging: Jest, React Testing Library
- UI/UX Tools: Figma, Adobe XD

WORK EXPERIENCE

Junior Front-End Developer

Gaming1 | January 2023 - December 2024

- Partnered with back-end teams to integrate **front-end components**, delivering **scalable** and **cohesive solutions**.
- Developed high-performance web pages using ReactJS, TypeScript,
 HTML, and CSS in a mono repo environment.
- Gained familiarity with NPM and Webpack to manage dependencies and optimise build processes.
- Collaborated on integrating **front-end components** with APIs managed via **Node.js**, ensuring seamless compatibility.
- Converted UX/UI designs into responsive, user-friendly applications.
- Built reusable code and components to streamline development workflows.
- Contributed to testing processes using **Jest** and **React Testing Library**, ensuring **application robustness** and **reliability**.

EDUCATION

Artevelde University of Applied Science

Associate Degree in Computer Programming

Graduation: September 2022

Front-End Developer Intern

Superkraft | February 2022 - May 2022

- Participated in client-side development, coding web applications for customer accounts.
- Debugged and implemented solutions for web application issues.
- optimized websites to improve usability and performance.
- Built and maintained reusable code and components, enhancing development efficiency.
